

Dear

Instead of health care, the High Fives Foundation provides human care! I am proud to share with you a fundraising campaign that gives back to an organization that I support. **The Mothership Classic of 2018** is an all day FUNdraiser on March 18th. Participants (like me!) complete as many "fun" runs as possible on the Mothership (KT-22) at Squaw Valley | Alpine Meadows. This amazing day serves as a great way to have fun and enjoy the outdoors in the name of philanthropy.

I am pledging donations to my networks because this campaign does not only give back to athletes with life-altering injuries but is an organization that I believe in.

Please consider making a donation in the link below and thank you for your support.
